Get Pre-Qualified for Your Mortgage Loan

Purchasing a home is exciting, but it can also be stressful. It is probably the most expensive purchase you'll ever make. One way to alleviate that stress is to get pre-qualified.

Before you start your home search, an ECU Mortgage Lending Officer can review your finances and information and make an estimate of the maximum amount of loan you would qualify for. This step helps you understand the amount you can afford and lets your real estate agent know that you are serious about purchasing a home.

ONLINE SHOPPING TIPS

In addition to your traditional shopping list of names and gift ideas, consider tracking the following for each person and gift on your list when shopping online:

Store, price, shipping, and delivery date!

Track the best deals and what you purchase. Take notes to compare prices and make notes of sale dates.

Find free shipping. Are you shipping the gift directly to your family member or friend? Or, will it be coming to your address? Free shipping can save a lot of money.

Check the delivery date. Sometimes items are back-ordered or limited.

Method of payment.

Track how you paid for your purchase. Monitor your statements for accuracy.

Download the ECU Cards App today to receive notifications when online purchases are made using your cards, and to turn your cards off and on instantly to help protect yourself against fraud.

Even with best practices, information can still be stolen. Use these tips to assist in keeping your personal information safe:

Shop safe websites and apps.

Use well-known companies and stores for your online purchases.

Make sure the site is safe. The URL should begin with HTTPS - instead of HTTP. Browsers vary, but some show a lock or a green address bar to verify a site's safety.

Dedicate one card instead of using multiple cards.

Eliminate multiple opportunities for card fraud and make tracking easier by using one card.

Use a credit card and not your debit card to prevent fraudsters from accessing your checking account.
